About Us

Sri Lakshmi Prasad Group Ventures are a force for sustainable progress in India's infrastructure and products landscape. We deliver high-quality solutions in communication, power, and transportation, empowering communities and driving growth. Cutting-edge technology and a collaborative spirit are at the heart of everything we do. We build not just infrastructure, but a better future, together.

Our Vision

We aim to be a leading Indian conglomerate, globally acclaimed for delivering sustainable, innovative, and high-quality business solutions. While maintaining our core commitment to societal contribution, we strive to grow our companies profitably for our stakeholders. We enhance quality of life and drive economic growth through transparency and value creation.

Our Mission

Our mission is to leverage advanced technology and our legacy of knowledge to deliver excellence in everything we do. We aim to set industry standards and ensure the highest quality in all our projects and services, fostering long-term growth and prosperity for our stakeholders and the communities we serve.

Our Values

Sustainable Growth:

The sustainable growth at Sri Lakshmi Prasad Group Ventures is deeply rooted at the heart as our mission. We are dedicated towards creating infrastructure that balances efficiency with environmental responsibility. Through innovative technologies and eco-friendly practices, we ensure our projects foster long-term ecological health and community well-being.

Touching Lives:

We believe infrastructure should uplift and enhance the lives of those it serves. Our projects are designed with a focus on community empowerment and economic growth. By partnering with stakeholders and prioritizing the needs of local populations, we ensure our work makes a meaningful and positive impact on people's everyday lives.

Chairman's Message

Dear Stakeholders,

As we stand at the forefront of India's infrastructure revolution, our group, now an INR 7000+ Mn (USD 84+ Mn) conglomerate, has achieved remarkable success across diverse sectors. Sree UGCL has been instrumental in driving major infrastructure projects, from water management to highways, transmission, and Building construction, solidifying our position as a key player in the industry.

Our journey doesn't end with infrastructure. Sri Green Assets has seen significant growth in the leasing business and with the strength of execution within the group is all set to make a significant impact in residential and commercial real estate. Igniting Minds has earned a reputation for precision and excellence in tooling in the aerospace sector and is set for major expansion in the related sectors through Joint ventures and Acquisitions. At Flowcentric, our IT services arm, which continues to push the boundaries of technology, delivering innovative solutions that empower businesses is geared up for a major presence in Indian Government also. Meanwhile, Sri LP Charities is committed to making a meaningful impact in healthcare, child education, and religious initiatives, embodying our commitment to social responsibility.

We are committed towards delivering excellence and driving sustainable growth across all our business verticals. With a strong financial base, professional teamwork, and a forward-looking strategy, we are well-positioned for continued success. My heartfelt thanks go out to our dedicated employees, partners, and clients. Together, we will continue to build on our successes and play a pivotal role in shaping India's future.

With best regards,

Vamsidhar M.
Chairman, Sri Lakshmi Prasad Group
